Vlad Herasymovych
Fullstack Web Developer

Experienced full-stack developer with a proven track record of crafting innovative solutions to intricate challenges. Proficient in both front-end and back-end technologies, I specialize in developing high-performing applications that exceed user expectations. Adaptable and thrive in fast-paced environments, adept at quickly mastering new technologies and delivering exceptional results.

Work Experience

Agora Tutoring, Software Developer

Contract Part-time | Edmonton, Canada

June 2024 - Present

- Integrated social media signup methods into the existing signup process.
- Designed and implemented a payment portal system.

Tutore Poland, Fullstack Web Developer

Contract Full-time | Lodz, Poland

January 2022 - Present

- Designed and developed client-side websites with a focus on user-friendly interfaces, performance optimization, and SEO strategies. Utilized modern web technologies to create dynamic and engaging experiences compatible with various devices and browsers.
- Implemented a new system for lesson purchases, thereby expanding the customer base and simplifying the purchasing process.
- Optimized lesson management by enhancing cancellations and rescheduling processes, thereby accelerating Call Center operations.
- Improved teacher onboarding to ensure safer hiring practices and elevate staff quality.
- Created user-friendly data management tools to boost productivity for non-IT personnel.
